

PLANS AND PROGRAMS STAFF WEEKLY REPORT FOR  
PERIOD ENDING 8 JUNE 1983

STAT

1. Progress Report on Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period.

2. Items or Events of Major Interest that have Occurred  
During the Preceding Week:

a. LIMS

(1) ODP/QAG has started releasing interim reports of audit on sections (modules) of the Detailed System Requirements Documents (DSRD). These audit reports are known as discrepancy reports (DRs) and are to serve the purpose of identifying shortcomings within individual module content. These DRs require evaluation and subsequent action prior to baselining the DSRD. A cursory review of interim audit reports on the Receiving and General modules reflect DR content that ranges from minutia to substantive criticisms. Responding to forthcoming DRs from the entire draft DSRD's content represents the next major effort in project development.

(2) In attending the Intelligence Information Handling Committee's seminar on mass media storage technology last week, it appears that, in the long term, LIMS could become a more "paperless" system than is presently envisioned. The capability to convert documents to a high density digitized storage media is gradually emerging (the optical disk potential is currently popular) although one should not hold their breath until a practical cost-effective system is available. Nonetheless, the computer world continues to expand its capabilities at an astounding rate.

b. Regulations Revisions

The following regulations were reviewed, commented upon, concurred in, or published during the past week:

Position Classification - Concurred.

STAT

STAT

Transporting Sensitive Compartmented  
Information Materiel - Concurred.

STAT

SUBJECT: Plans and Programs Staff Weekly Report for period  
ending 8 June 1983

Office of the Inspector General -  
Concurred.

STAT

c. Other Items of Interest

(1)  gave a personal property  
claims presentation to attendees of the Overseas Orientation  
Program (Office of Communications) on 8 June.

STAT

(2)  completed the A.I.M. training course,  
held in the Chamber of Commerce Building, on 3 June.

STAT

(3)  attended the Effective  
Employees course held in the Chamber of Commerce Building  
(31 May-3 June).

Systems Analysis Branch/P&PS/OL  
WEEKLY STATUS REPORT  
Week of 30 May to 3 June 1983

STAT

STAT

## I. Major Activities During the Past Week:

STAT

## A. Support to OL:

FARS (Federal Automated Requisitioning System). A data compress program ran for 13 hours and 45 minutes. The resulting smaller file will allow for a faster backup each workday and more rapid data retrieval response. [redacted]

STAT

MISCELLANEOUS. A meeting was held with C/RECD and his branch chiefs to discuss the impact of installing a WANG Alliance system for their division. [redacted]

STAT

## II. General Items:

## A. Support to OL:

TRAINING. [redacted] attended the "The Effective Employee" course at Chamber of Commerce on 31 May-3 June. [redacted]

MISCELLANEOUS. [redacted] formerly of the Systems Support Division/ODP, has joined the Systems Analysis Branch/P&PS/OL. She will be [redacted] replacement who is leaving on 10 June for the Interactive Systems Branch/SPD/ODP. [redacted] new mailing address will be [redacted]

## III. Problems:

STAT

None to report.

## IV. Upcoming Events:

None to report.
